Alanna -

Thanks for that email. So why wasn't notification sent to the rest of us?

I have to say guys - get this stuff right if you can. This cannot be so very hard. This kind of thing makes EPA look unintelligent. You sent an email out to all of us that said you would notify us by the week of the 23rd of the release date. When I look at the calendar, that was yesterday.

In the future - please send pertinent information to all of the stakeholders.

Thanks,

Hi Bob,

EPA would like to thank you for your continuing interest in the Portland Harbor Superfund Site. EPA is planning to announce the release date of the Proposed Plan on Friday, May

27th. When the Proposed Plan is released, EPA is planning on a 60-day public comment period, which adds 30 days to the required 30-day comment period since we have received requests for a longer review time. EPA is also still planning to issue the Record of Decision this year.

Thanks,

Hey there - so where are we in relation to the email below?

Dear Community Partners,

This email is to update you on the schedule for the Portland Harbor Superfund Site.

The EPA expects to announce the delivery date for the Feasibility Study and the Proposed Plan by the week of May 23rd. Data synthesis and electronic document preparation have continued to pose challenges, but those challenges are being met and we look forward to delivering both documents shortly thereafter.

Thank you for staying engaged.
